

Job titles include Producer, Director, Production Manager, Assistant Director, and Production Coordinator. I have been working as a freelancer in television and media production for over 20 years on national and regional commercials, feature and short films, live special events, web content, corporate videos, and music videos. During this time, I have gained extensive production experience, managing and facilitating media projects in all facets from conception to completion. I'm looking to further my reputation in any way possible.
